

Washington 26 Oct. 1849

My dear Sir/

Received this morning the nomination
of Mr. McCulloch as Minter Refiner at the
Mint & learning that you would probably
be willing to accept the place, I have not
not a moment in laying the matter
before the President, & have the pleasure
to inform you that you are appointed to
the office. I need not say to you how
gratified I am both personally & from regard
to the public service, at the opportunity of
tendering you this appointment.

Send me by return of
mail your name on
bill, so that the
Congress may be made
aware of it.

Always very truly Yrs

Professor James Barth
